FCC Form 2100, Schedule 337  
Amendment to Request for Tolling Relief  
and Extension of Construction Permit**

Due to changing circumstances since filing its initial Tolling Request (LMS File No. 0000111416), and out of an abundance of caution, by this amendment Television Wisconsin, Inc. now seeks an tolling relief and waiver sufficient for extension of its post-repacking construction permit (LMS File No. 0000028220) until July 15, 2020.
