**OBJECTION TO RENEWAL
OF OPERATING LICENSE
OF WFSU-FM**

Good morning,

I was a WFSU-FM over-the-air listener until just over one year ago. Apparently, last year's hurricane blew down WFSU's repeater that served portions of the downtown Tallahassee area where I live on the west side of a 11 story apartment building.

The station's General Manager is Mr. David Mullins. I have spoken with him, by phone, several times. On each occasion, he has told me that the university was in the process of either placing or replacing the equipment necessary to serve the entire service area, specifically including my apartment building.

Nothing has happened, notwithstanding his several assurances. All I get at 88.9 FM, the station's assigned frequency, is static.

Until WFSU-FM does what he has promised, I object to the February 1, 2020 renewal of their operating license.

Sincerely,

Steve Kahn
