

WVXG(FM), Mount Gilead, Ohio, has been licensed and in operation with its current facilities since 2003, which is prior to the previous license renewal. There have been no changes to the transmission facility or antenna since that time. WVXG is operating in accordance with the station license. Based on the information previously submitted WVXG remains in compliance with the RF exposure limits.

A handwritten signature in blue ink, appearing to read "William Weeks", with a stylized, cursive script.

William Weeks,
Technical consultant
