

Online Public Inspection File

The requisite materials were timely provided in the WBOY-TV (the “Station”) online public inspection file. In an abundance of caution the Station provides the following explanation regarding the two versions (the manual upload on April 10, 2019 and the LMS filed version on April 17, 2019) of the 1st Quarter 2019 Children’s Television Program Report.

The WBOY-TV 1st Quarter 2019 Children’s Television Program Report, which was timely prepared, was, due to the Station encountering electronic filing issues with the LMS system and concern to meet the filing deadline, *manually* uploaded a pdf copy of the 1Q 2019 report into the online public inspection file at 9:14am on April 10, 2019.¹ The 1Q 2019 report was electronically filed, via LMS, on April 17, 2019. Station personnel responsible for the preparation and submission of these reports participated in a training session outlining the Commission’s filing protocol and internal and external resources available for immediate assistance regarding electronic filing/submission issues.
