Public File Exhibit**

In preparing its license renewal filing, the Station conducted an audit of its online public file. It determined that following material was not timely uploaded to the online public file:

The Commercial Limits Certification for 4Q 2012 was uploaded on 7/10/2013.

The Commercial Limits Certification for 1Q 2013 was uploaded on 7/10/2013.

The Issues and Program Report for 4Q 2012 was uploaded on 2/1/2013.

Additionally, the Station attempted to upload the Annual EEO public file report for reporting year 2014 on May 30, 2014. However, the report while showing as uploaded when logged into the public file site, was not accessible from the public side of the public file. The station contacted the FCC helpdesk and was assigned ticket number #2315961. The FCC helpdesk ultimately resolved the difficulty on 6/26/2014 by deleting the original file and having the station re-upload the file.

Political File

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a limited number of orders were not uploaded within one business day. The licensee provided training for staff responsible for uploading political file material to the online file in March 2020 to reinforce the importance of uploading all political material promptly.
