

## **Online Public Inspection File**

Note the following regarding the “No” response to this certification: “Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file as and when required.”

Two Hearted Media, LLC acquired WMJT(FM), 96.7 MHz, McMillan, Michigan, on December 1, 2018, pursuant to the grant of an assignment application on Form 314 (“long-form”), File No. BALH-20180918ABB. As set forth in the Instructions to Form 2100, Schedule 303-S, if the station license was assigned during the subject license term pursuant to a “long-form” application on FCC Form 314 or 315 (or any successor application forms that the Commission releases), the renewal applicant’s certifications should cover only the period during which the renewal applicant held the station’s license. Consequently, the certifications of Two Hearted Media, LLC in this renewal application and the associated Form 2100, Schedule 396, relate to the period commencing on December 1, 2018.

The licensee has uploaded to the station’s online public inspection file all the quarterly issues-programs lists during this period in a timely fashion, except for the First Quarter 2019 List, which was uploaded on April 15, 2019 (5 days late). Materials relating to requests for political time in 2018, where the FCC has not specified a date certain upload deadline, were, in some instances, uploaded to the station’s online public inspection file several weeks after the initial request was made.
