

**Certification Regarding Compliance with
Section 73.3526 of the FCC's Rules During the Preceding License Term**

Upon review of its Public Inspection File to determine whether documentation required by Section 73.3526 of the FCC's Rules has been uploaded when required, Applicant found that some documents were not added to the station's Section 73.3613 list (or, alternatively, uploaded) within 30 days of execution.¹ Applicant included an updated Section 73.3613 list with its most recent biennial ownership report, and Applicant has uploaded a supplemental list to its Public Inspection File to account for relevant documents executed since then and not already listed in the ownership report. Applicant will continue to remind station staff of Public Inspection File requirements and deadlines to enhance the station's compliance with Public Inspection File deadlines going forward.

¹ Applicant notes that the deadlines to file or upload certain documents, including the 2017 Biennial Ownership Report and the various Fourth Quarter 2018 certifications and reports, were extended due to government closures.
