

Request for Extension of Special Temporary Authority

Deerfield Media (Reno) Licensee, LLC, licensee of K23DT-D, Tahoe City, CA (Facility ID 19197) (“Applicant”) requests an extension of Special Temporary Authority to permit the station to continue to operate at variance from licensed parameters pending competition of its Channel 34 displacement facilities (*see* File No. 0000092818, granted on February 13, 2020). Grant of this STA extension request would serve the public interest by allowing the station to continue to serve viewers in its community of license following displacement from its previous facilities.
