# *Summary of Translator License to Cover Filing* *1*

---

**Call letters:** K280GV.C  
**City of License:** Atlanta, TX  
**Channel:** CH280D (103.9 MHz)  
**File No:** BNPFT-20180314ACP  
**Facility ID:** 201324  
**Applicant:** Freed AM Corporation

## **Explanation of Translator License to Cover Filing and Compliance with Special Operating Conditions or Restrictions**

1. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. The applicant certifies that prior to commencing program test operations, the applicant has on file at the Commission an FCC Schedule 350 Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
3. The applicant certifies that before program tests commence with the facilities authorized herein, the applicant has provided evidence to the Media Bureau that FM Translator Station K238BF, Atlanta, TX (Facility ID 150324) has changed the primary station it rebroadcasts to a station other than KPYN(AM), Atlanta, TX. At this time, K238BF, Atlanta, TX (Facility ID 150324) is concurrently changing primary stations to KNCB(AM), Vivian, LA (Facility ID 49154). Documentation of compliance with this condition has been submitted with this FCC Schedule 350, application for license. (See Attached Notice of Change of Primary Station for K238BF, Atlanta, TX)
4. The applicant acknowledges this construction permit authorizes the mounting of the antenna on the non-directional tower of AM Station KPYN(AM), Facility ID No. 2766, Atlanta, TX. Following installation of the antenna, the permittee has made a tower impedance measurement and compared this against the license value. As the resistance of the AM antenna has changed by more than two (2) percent from the licensed value (see Section 73.45(c)(1) of the Commission's Rules), an application for the AM station to return to direct power measurement is required. Therefore, this application, including a tower sketch of the installation, has been filed with the Commission by the AM station licensee using form FCC 302-AM. (See Section 1.30003 of the Commission's Rules.) The permittee submits confirmation of completion of the requirements of this condition in this application for license to cover this construction permit. (See attached Engineering Section of KPYN(AM) Form 302-AM Direct Measurement of Power)
5. KPYN(AM) - Atlanta, TX (Frequency 900 kHz) Statement. The applicant certifies that pursuant to Revitalization of the AM Radio Service, Notice of Proposed Rule Making, 28 FCC Rcd 15221, 15227, para. 14 (2013), and First Report and Order, 30 FCC Rcd 12145, 12154, para. 17 and n. 43 (2015), the permittee and any successor in interest (licensee, transferee, or assignee) is subject to the following restrictions: (1) this facility may only, in perpetuity, be used to rebroadcast the authorized facilities of the AM primary station, except that it may also originate nighttime programming if the AM primary station set forth in this construction permit is not authorized regular nighttime service, and then only during periods of the broadcast day when the primary AM station is not regularly authorized to operate; (2) if the AM primary station is operating with reduced facilities, this cross-service FM translator facility may only operate if its coverage contour conforms to the limits set forth in 47 C.F.R. Section 74.1201(g) as applied to the reduced facilities of the AM primary station; (3) the authorization for this facility may not be assigned or transferred except in conjunction with the primary AM station set forth in this construction permit; and (4) if the authorization of the AM primary station set forth in this construction permit is rescinded, revoked, surrendered, subject to special temporary authorization (STA) to remain silent, or is otherwise suspended from operation, the authorization of this cross-service FM translator station shall likewise be rescinded, revoked, surrendered, silent for the duration of the AM primary station's STA to remain silent, or suspended from operation.
