All 12 stations went silent on January 13, 2020 for financial reasons, and special temporary authority to remain silent (“Silent STA”) was granted to each station on January 24, 2020. The Silent STA is due to expire for each station on July 24, 2020. Accordingly, due to unchanged financial circumstances, compounded by the adverse impact of COVID-19 on the economy, each of the stations remains silent at this time. MVTV, therefore, requests a six-month extension of the silent STA granted for this station, and will notify the Commission if and when the station resumes operations.
