

**STAR CITY BROADCASTING, LLC**  
**Application for License Renewal**

**AMENDMENT**

The purpose of this amendment is to provide the Commission with a new EEO Program Report (File No. 0000117341) associated with this station and the other full-power radio stations licensed to Star City Broadcasting, LLC ("Star City"). In addition, Star City is providing the Commission with a revised exhibit regarding a discrepancy associated with uploading certain documents to its online public inspection file.

As set forth in the new EEO Program Report, Star City always has had fewer than five full-time employees assigned to work on the radio stations. Accordingly, Star City is exempt from the requirement to comply with Section 73.2080(c) of the Commission's rules.
