

**STAR CITY BROADCASTING, LLC**  
**Application for License Renewal**

**EXPLANATION**

Star City Broadcasting, LLC (“Star City”) hereby provides the following explanation to the certification that is being made in this license renewal application relating to the placement of certain items in this station’s online public inspection file:

The issues/programs lists for Q2 2018, Q3 2018, Q1 2019 and Q2 2019, although compiled on their respective due dates, were not uploaded on time to the station’s FCC-hosted public inspection file, but they all are currently uploaded. The reports for Q3 2019, Q4 2019, Q1 2020 and Q2 2020 were uploaded on time.

This ministerial error accrued solely due to inadvertent administrative oversight under a previous management regime and, as soon as current station management discovered the problem, it was promptly rectified. In addition, the current station management has implemented internal procedures to ensure that this error is not repeated.
