Stainless Broadcasting, L.P., licensee of television broadcast station WICZ-TV, Binghamton, New York (the “Station”), hereby requests Special Temporary Authority to operate the Station with the technical parameters specified in LMS File No. 0000117680, a contemporaneously filed application for modification of the Station’s current construction permit (“CP”) relating to the FCC-mandated Broadcast Incentive Auction repack. On July 3, 2020, the Station timely transitioned to its assigned repack Channel 7 pursuant to an STA allowing Station operation at 8 kW ERP with an interim antenna. Pursuant to the CP modification application and this STA request, the Station seeks prompt FCC grant of authority to operate the Station at 28 kW ERP with its main antenna.
