

### Public File and Ownership Exhibit

In the process of preparing this license renewal application, Licensee undertook a review of WVKC(FM)'s online public file ("OPIF") and discovered some deficiencies, all of which have since been corrected.

First, it discovered that the station did not timely transition to the OPIF by the March 1, 2018 deadline. The issues/programs ("I/P") lists for 3Q and 4Q 2014 and 2015-2018 were uploaded on March 22, 2019.

Second, its 4Q 2012, 2013, 1Q and 2Q 2014, and 2019 I/P lists were never uploaded. Those lists have now been uploaded. In addition, Licensee discovered that its 3Q 2017 I/P list was inadvertently uploaded for 3Q 2018. That incorrect list has been removed, and the correct list for 3Q 2018 has been uploaded.

Third, the I/P lists for 1Q and 2Q 2020 were uploaded a few days late.

Finally, Licensee did not timely file its 2012, 2014, 2016, or 2017 biennial ownership reports. Upon discovery of this inadvertent misstep, Licensee has prepared these reports using available information and submitted them to the Commission.
