

**WCBW-FM, East St. Louis, Illinois (Fac. Id. 83448)**  
**Renewal Application**  
**Silent Station Explanation**

On November 25, 2019 WCBW-FM went silent due to a loss of tower rights, obtaining Special Temporary Authority to remain silent (BLSTA-20191126AAK) through June 13, 2019. After extended negotiations for a new tower site fell through, UNWSP sought and obtained an extension of WCBW-FM's temporary authority to remain silent (BLESTA-20190608AAH) through November 25, 2020. As of the time of this filing, continuing diligent efforts are being made to secure a new transmission site for the station. Upon a resumption of station operations, which will likely be via temporary authority at reduced power from a temporary location, UNWSP will notify the FCC staff so that the WCBW-FM renewal application can be processed.
