

Notification of Resumption of Operations on  
Post-Transition Channel at Full CP Parameters  
WAOW-WYOW License, LLC  
WMOW, Crandon, Wisconsin (Fac. ID No. 81503)

**WMOW Resumption of Operations on Post-Transition Channel**

WMOW notified the Commission (LMS File No. [0000116728](#)) on June 29, 2020, that it would be silent for a period of a few weeks starting July 3, 2020, during the final stages of construction of the station's post-transition interim facility. *See* 47 C.F.R. § 73.1615. Since July 23, 2020, WMOW's post-transition facility has been completed and operating reliably at full power pursuant to program test authority. Thus, the station has resumed operations.

WMOW will timely file a license-to-cover application for its final full repack facility.
