

**Online Public Inspection File Exhibit  
Chicago Public Media, Inc.**

The online public file includes required documents beginning on April 28, 2016, when Chicago Public Media, Inc. acquired the station. Although, as a result of an administrative oversight, certain documents required by 47 C.F.R. Section 73.3527 were not uploaded to the station's online public file when required, as of this filing the station's online public file is now complete.
