

KFNS--ONLINE PUBLIC INSPECTION FILE EXPLANATION

In preparing this application, it was noted that many issues/programs lists had been uploaded in a group instead of each quarter as required. Some issues/programs lists were missing. The current licensee acquired KFNS as of February 22, 2016 (See BAL- 20151109FSZ), so it is responsible for maintaining issues/programs lists beginning in the first quarter of 2016. The licensee has made a diligent effort to reconstruct the issues/programs lists and upload them for the 4th quarter of 2017, each quarter for all of 2018 and 2019, plus two quarters of 2020. Unfortunately, due to changes in staff responsible for maintaining the issues/programs lists prior to October 2017, it was not possible to reconstruct issues/programs lists for 2016 or the first three quarters of 2017.

Going forward, the licensee will take steps to ensure that the issues /programs lists are uploaded each quarter in a timely fashion.
