

Public File

In preparing its license renewal filing, the Station conducted an audit of its online public file. The station's public file erroneously indicates late uploads for certain material as detailed below:

- The Commercial Limits Certification for 4Q 2012 was uploaded on 1/10/2013 (see screen shot). Online public file now shows an upload date of 1/14/2013.
- The Commercial Limits Certification for 1Q 2013 was uploaded on 4/9/2013. The upload date changed to 10/17/2013 when the FCC updated the public file website in August 2016. The station reported the problem to the FCC helpdesk (see attached ticket).
- The Commercial Limits Certification for 1Q 2014 was uploaded on 4/4/2014 (see screen shot). Online public file now shows an upload date of 7/10/2014.
- The Issues and Program report for 2Q 2014 was uploaded on 7/9/2014 (see screen shot). The online public file now shows an upload date of 9/12/2014.
- The Station attempted to upload the Issues and Program report for 3Q 2014 on 10/7/2014 (see screen shot). The station later realized that the report did not upload fully. It re-uploaded the report on 10/20/2014 (see documentation).

Additionally, when cleaning up the online public file in September 2014, the station accidentally removed the 4Q 2012 Issues and Program Report from the file. This report had been timely uploaded on 1/9/2013. It reuploaded the mistakenly removed report on 9/12/2014.

Political File

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a limited number of orders were not uploaded within one business day. The licensee provided training for staff responsible for uploading political file material to the online file in March 2020 to reinforce the importance of uploading all political material promptly.

E/I Symbol

The Station aired BounceTV programming on a multicast channel in 2016. Due to a technical error by BounceTV, certain CORE programming aired between September 10, 2016 – October 15, 2016, was broadcast without the E/I symbol. Additionally, one program aired on November 5, 2016 without the E/I symbol due to an error by a third-party service provider. BounceTV identified and corrected the problem. The Station re-broadcast all the episodes with the E/I symbol during 4th Quarter in addition to all regularly scheduled CORE programming.

Issues/Programs Lists

What's in here? (as required by § 73.3526(e)(1)(i), § 73.3527(e)(8)) (retain until notified in writing that the material may be discarded) These are quarterly lists prepared by stations of programs they aired during the preceding quarter that provided the stations' most significant treatment of community issues.

Note: You are uploading documents into an official FCC system. All information submitted will be publicly available via the web. Filers may want to redact confidential or proprietary data before uploading, including customer bank account information.
