

Legal Statement

Pursuant to an August 11, 2020 phone call between the Media Bureau staff and Joseph M. Di Scipio and Ann West Bobeck, Fox Television Stations, LLC (“FTS”) is providing September 16, 2019 – December 31, 2019 children’s television programming information for the following stations: WITI, Milwaukee, WI (Facility ID 73017); KCPQ, Tacoma, WA (Facility ID 33894); and KZJO, Seattle, WA (Facility ID 69571) (“Stations”). FTS had not previously filed the 2019 Children’s Television Programming Annual Reports (“Reports”) for the Stations as our good faith interpretation and analysis of the public file rules was that the Reports were not required to be filed because FTS was not the licensee of the Stations during the programming period. Nevertheless, the Media Bureau staff has asked FTS to file the Reports, which FTS is happy to oblige, and that staff has assured FTS that it will not be subjected to any penalty or forfeiture, as this case presents a unique set of circumstances by which the reporting period preceded ownership but the reporting deadline occurred after FTS became the licensee on March 2, 2020.

This programming period preceded when FTS became licensee of the Stations; while FTS has made every effort to provide information on educational and informational programming aired by the preceding owner, we make no certifications as to the completeness or accuracy of such information.
