

Multiple Ownership Exhibit

The instant application appears to require the applicant to provide an exhibit to account for multiple ownership compliance. A screen grab of the form's error message is below.

The screenshot shows a light pink error box with a red 'X' icon. The text inside the box reads: 'Please upload the required information.' followed by a note: '* Applicant certifies that the proposed facility complies with the Commission's multiple ownership rules.' Below this, there are radio buttons for 'Yes' (selected) and 'No', along with a 'Clear' link. At the bottom, a yellow warning triangle icon is followed by the text: 'Please upload the required information regarding the market, broadcast station(s), and other information necessary to demonstrate compliance with 47 C.F.R § 73.3555(a).'

The station that is the subject of this application has been co-owned and operated with WBAL(AM), Baltimore, Maryland (Fac. ID No. 65679) and with WBAL-TV, Baltimore, Maryland (Fac. ID No. 65696) for many decades. No ownership changes are proposed here, and this application is not for a “major change” such that any ownership rules or policies would be implicated. While it is unclear why the application form is requiring this exhibit, we are ready, willing, and able to provide any additional information that would be helpful and useful to the Commission Staff in the processing of this minor change application.
