

**FCC Violations Amendment Exhibit**

On July 22, 2020, the FCC's Media Bureau released an *Order* and related *Consent Decree* which settled and fully resolved matters involving Licensee's violations of the Political File Statute and Rule (as defined in the Consent Decree). See DA 20-776. As a result, Licensee is amending this renewal application to change the answer to the "FCC Violations during the Preceding License Term" certification from "Yes" to "No."
