

**Certification Regarding Compliance with  
Section 73.3526 of the FCC's Rules During the Preceding License Term**

Upon review of its Public Inspection File to determine whether documentation required by Section 73.3526 of the FCC's Rules has been uploaded when required,<sup>1</sup> Applicant found that:

- While Applicant retains a list of all documents required to be disclosed under Section 73.3613 in its Public Inspection File, some documents were not added to the station's Section 73.3613 list (or, alternatively, uploaded) within 30 days after execution. An updated Section 73.3613 list was included in the station's most recent biennial ownership report.
- The Commercial Limits Certifications for Fourth Quarter 2018 and First Quarter 2019 did not include a list of the programs aired during the quarter that were designed for children 12 years of age and younger, and the lists of 12 and under programming included with the Commercial Limits Certifications for Third Quarter 2017–Second Quarter 2018 were incomplete. The station has uploaded amended Commercial Limits Certifications to its Public Inspection File.
- Some political file materials were not uploaded to the Public Inspection File within one business day of receiving the request for time.

Applicant will continue to remind station staff of Public Inspection File requirements and upcoming deadlines, will provide additional training to station staff, and will work to implement more robust accountability procedures to enhance the station's compliance with Public Inspection File deadlines going forward.
