### **EXPLANATION FOR SILENT STA**

These stations have been granted a modification of license to convert to 3.0 (next gen) operation. These stations were taken silent as of March 23, 2020 to facilitate the installation of 3.0 optimized antennas and transmitters. However, due to the COVID-19 Pandemic, the ability to get the antennas and transmitters installed has been severely limited.

In addition, the K14SC-D and K28GG-D transmitter sites were in the path of the most recent forest fires in Southern Oregon and were wiped out. Access to the sites is not allowed at this time and large scale power outages throughout these areas in Southern Oregon.
