

**REQUEST FOR FURTHER EXTENSION OF SILENT STA AND WAIVER OF SECTION 312(g)**

Gray Television Licensee, LLC (“Gray”), licensee of WUFX-LD, Tallahassee, FL (FID 187680) (“WUFX”), hereby requests an extension of its current Silent STA and its license for an additional 180 days.

WUFX went silent on October 8, 2019 in preparation for building its displacement facility, which is being built out as an ATSC 3.0 facility. The station was on track to complete its displacement facility and resume operations by the one-year silent deadline, however, delays from its equipment vendors place that deadline at risk. Currently, the station expects to complete construction and resume operations by mid-November.

Section 312(g) provides that “If a broadcasting station fails to transmit broadcast signals for any consecutive 12-month period, then the station license granted for the operation of that broadcast station expires at the end of that period, notwithstanding any provision, term, or condition of the license to the contrary, except that the Commission may extend or reinstate such station license if the holder of the station license prevails in an administrative or judicial appeal, the applicable law changes, or for any other reason to promote equity and fairness.” 47 U.S.C. § 312(g).

In the *Incentive Auction Report and Order*, the Commission explained that it would be receptive to requests for waivers of Section 312(g) as a result of the repacking process, “tak[ing] into account the extent to which a station has been involuntarily forced to remain dark as a result of the repacking process and whether, in light of the facts presented, equity and fairness dictate a license extension or reinstatement and a waiver.”<sup>1</sup> The Media Bureau expanded upon this position in the *Post-Incentive Auction Procedures Public Notice*, explaining that in considering requests for waiver of Section 312(g), it “will examine whether the station has demonstrated that its silence is the result of compelling reasons beyond the station’s control, including facts that relate to the post-auction transition process.”<sup>2</sup> Most recently, in a public notice reminding repacked stations of their post-auction deadlines, the Media Bureau and the Incentive Auction Task Force stated “In considering requests to extend or reinstate a license, we will examine whether the station has demonstrated that its silence is the result of compelling reasons beyond the station’s control, including facts that relate to the post-auction transition process.”<sup>3</sup>

WUFX has been diligently working to complete its displacement facility and begin operating in ATSC 3.0. Accordingly, Gray requests an extension of WUFX’s silent authority and license. Such a grant would promote fairness and equity.
