

Extraordinary Circumstances

Due to a Red Flag of the FRN, we were unable to file for a displacement. The Red Flag has been cleared up and we are going to apply to move from channel 42 to channel 2.

In the mean time, we wish to go silent so we can go off channel 42 so T-Mobile and the public can use the channel 42 frequency.

Once the CP for Channel 2 is granted, we will go back on the air. The duration should be less than 30 day.
