Update Antenna Structure Information

Site does not meet FAA/FCC TOWAIR requirements. Antenna structure registration may be required if there isn't one there already and the overall height is not being increased. Please verify this result using the FCC's [TOWAIR Tool](#).

Channel search results

Enter antenna structure information and click [Update Antenna Structure Information] to enable buttons to enable channel specific details.

<div>106.9</div>	295	Reduced interference showing required.	Possible Inward Interference.	Waiver Required
