

On behalf of Millard County, Utah, TV Translator Maintenance Agreement 2020

Commercial Business Radio LLC
700 N Highway 6, Unit 6
Delta, UT 84624
(435) 864-5000

In regards to the exhibit requiring a brief explanation for why an Environmental Assessment is not required:

This Construction Permit Application does not require any physical modification of transmitting equipment or additional construction to the site. The only change will be moving KUTV, previously being transmitted using callsign K50JW-D (ch50), being moved to ch 31. There is no change to antenna gain, transmit power, transmission line loss, direction, etc.

The requested change to the channel will accommodate the FCC mandated move away from the new cellular 5G band.

Points of Contact:

Bryant Anderson (owner, manager)
Clayton Anderson (engineer)
