

**FCC Form 2100, Schedule 303-S  
KUVO(FM), Denver, CO**

**Online Public Inspection File**

Rocky Mountain Public Media, Inc., licensee of noncommercial educational radio station KUVO(FM), Denver, Colorado, reports the following with regard to the timely placement of (1) item into the station's public inspection file. The KUVO online public inspection file is now complete with all required items, but the 2019 annual EEO public file report was uploaded late to the file during the current license term; in addition, while certain older annual EEO reports were timely completed and added to the KUVO paper public inspection file when due, they were not transferred to the online public file as of the March 2018 transition deadline. Importantly, the station has now moved each of these items into the online public inspection file as required. The station regrets the delay in the appearance of these reports in the online public inspection file due to an oversight. However, the station has already ensured that its online public file is now complete with all required materials and is taking steps to prevent future issues.
