

EXHIBIT 1

Discrimination Claims

The Employment Unit is aware of one complaint alleging discrimination during the portion of the license term that the current licensee owned and operated WVTM-TV.

In or around December 2015, then-Master Control Operator Tina Williams filed an EEOC charge (Charge No. 420-2016-00592) alleging sex discrimination and retaliation. The parties settled the matter following mediation with no admission of liability by the station, and Ms. Williams resigned as a term of the settlement.
