

Online Public Inspection File

Since Richard J. Samson, as Receiver (“Licensee”), became the licensee of KOZB(FM), Livingston, Montana (Facility ID No. 16777) (“KOZB”), on December 6, 2019 (*See* File No. BAL-20191112ABB), Licensee has failed to comply with certain Online Public Inspection File (“OPIF”) requirements with respect to KOZB:

Ownership Report. The Post-Consummation Ownership Report reflecting Licensee’s acquisition of the Station was not filed by the requisite deadline, and accordingly, not timely placed in KOZB’s OPIF. The report has now been filed and placed in KOZB’s OPIF.

Issues/Programs Lists. Licensee has not uploaded any Issues/Programs lists to KOZB’s OPIF because KOZB was off the air for the period in which Licensee had control of the station – except for May 16, 2020 – May 25, 2020,¹ during which KOZB aired only music and station identifications.

¹ KOZB was off the air for the remainder of Q2 2020. *See* **Periods of Silence Exhibit.**
