

**Online Public Inspection File**

Since Richard J. Samson, as Receiver (“Licensee”), became the licensee of KOBB(AM), Bozeman, Montana (Facility ID No. 55677) (“KOBB”), on December 6, 2019 (*See* File No. BAL-20191112ABB), Licensee has failed to comply with certain Online Public Inspection File (“OPIF”) requirements with respect to KOBB:

**Ownership Report.** The Post-Consummation Ownership Report reflecting Licensee’s acquisition of the Station was not filed by the requisite deadline, and accordingly, not timely placed in KOBB’s OPIF. The report has now been filed and placed in KOBB’s OPIF.

**Issues/Programs Lists.** Licensee has not uploaded any Issues/Programs lists to KOBB’s OPIF because KOBB was off the air for the period in which Licensee had control of the station – except for May 14, 2020 – May 25, 2020,<sup>1</sup> during which KOBB aired only music and station identifications.

<sup>1</sup> KOBB was off the air for the remainder of Q2 2020. *See* **Periods of Silence Exhibit.**
