

**Online Public Inspection File**

Since Richard J. Samson, as Receiver (“Licensee”), became the licensee of KBOZ(AM), Bozeman, Montana (Facility ID No. 16775) (“KBOZ”), on December 6, 2019 (*See* File No. BAL-20191112ABB), Licensee has failed to comply with certain Online Public Inspection File (“OPIF”) requirements with respect to KBOZ:

**Ownership Report.** The Post-Consummation Ownership Report reflecting Licensee’s acquisition of the Station was not filed by the requisite deadline, and accordingly, not timely placed in KBOZ’s OPIF. The report has now been filed and placed in KBOZ’s OPIF.

**Issues/Programs Lists.** Licensee has not uploaded any Issues/Programs lists to KBOZ’s OPIF because KBOZ was off the air for the period in which Licensee had control of the station – except for April 16, 2020 – April 27, 2020,<sup>1</sup> during which KBOZ aired only music and station identifications.

<sup>1</sup> KBOZ was off the air for the remainder of Q2 2020. *See* **Periods of Silence Exhibit.**
