

KSCR-FM Public File Exhibit

On October 27, 2020, management conducted a public file audit and identified that, due to shorthanded staff and remote working during the COVID-19 pandemic of 2020, the station's political file updates had not been uploaded for political advertising that had been included in a state network run programming in accordance with our network affiliation agreement. Measures were implemented to upload the public file materials as promptly as possible, appropriate disciplinary action was taken, and our policy and procedures for compliance with public file posting rules was reviewed with staff.

For KSCR-FM, this affected the following:

Biden for President (9/14-9/26)
Emmer for Congress (9/14-9/19)
Tina Smith for Senate (9/21-10/27)
American Experiment (8/31-10/23)
One National Under God (10/5-10/10)
