Online Public Inspection File

WVTM Hearst Television Inc. has responded in the affirmative to the FCC online public inspection file ("OPIF") certification that states: "Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file as and when required." Out of an abundance of caution, the applicant wishes to flag that the following item might, at first glance, appear to have been uploaded late but it was not. WVTM-TV's First Quarter 2020 Issues/Programs List documentation was timely uploaded (on March 19, 2020) once the COVID-19 extension of time is taken into account. *See Media Bureau Announces Extension of Time for Broadcasters to File Children's Programming Reports and Quarterly Issues/Programs Lists*, Public Notice, 35 FCC Rcd 2948 (Mar. 2020) (waiving the First Quarter 2020 upload deadline and providing an extension until July 10, 2020, for the upload of such documentation).
