

Public File

In preparing its license renewal filing, the Station conducted an audit of its online public file. It determined that the following material was not timely uploaded to the online public file:

- The commercial limits certification for 4Q2013 was uploaded on 3/25/2014.
- The commercial limits certification for 4Q2016 was uploaded on 4/4/2017.
- The annual EEO Report for 2013 was uploaded on 12/5/2013.

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a very limited number of orders were not uploaded within one business day. The licensee provided training for staff responsible for uploading political file material to the online file in March 2020 to reinforce the importance of uploading all political material promptly.
