Public Inspection File

As of the date of this renewal of license application, all documents required to be uploaded to the station's public inspection file have been added thereto. While the licensee believes it substantially complied with the public inspection file rule during the license term, a small number of documents were uploaded after the applicable deadlines due to inadvertent administrative error.

Specifically, the following items were filed later but were added to remain in compliance. 2015 Issues Programs List (3QT), 2016 Issues Programs List (1QT), 2018 Issues Programs List (1QT), 2015 Commercial Limits (3 & 4QT), 2016 Commercial Limits (1, 3, & 4QT), 2017 Commercial Limits (1QT), and 2019 EEO Public Report were uploaded to the online public file after the applicable deadlines.
