

**KWOA(AM) Online Public Inspection File**

During its most recent license term, KWOA(AM), Worthington, Minnesota (Facility ID No. 48971), complied substantially but not fully with online public inspection file (OPIF) requirements as provided in Section 73.3526 of the Commission's rules.<sup>1</sup>

The KWOA public inspection file contains Issues/Programs lists ("Lists") for all quarters of its license term, the majority of which were uploaded in a timely fashion. A few of the Lists, however, were not included by the deadline.

Certain EEO materials for the Station's employment unit were not uploaded into the OPIF in a timely manner. A more complete explanation will be provided by amendment.

The licensee takes its public inspection file obligations seriously and has established new procedures to ensure compliance with the OPIF requirements going forward.
