Public File

In April 2019, while reorganizing the public file, Station personnel accidentally deleted the quarterly issues and program reports for 2Q 2017 and 3Q 2017. The reports were immediately reuploaded.

These reports had been timely uploaded by the original deadline, as demonstrated by the screen shots of the Station's upload history provided below. Screen shots showing the accidental deletion and immediate reuploaded also are provided below.

Political File

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a very limited number of orders were not uploaded within one business day. The licensee provided training for staff responsible for uploading political file material to the online file in March 2020 to reinforce the importance of uploading all political material promptly.
