*Non-Broadcast Efforts that enhance the value of children's E/I Programming*

1/1/2020 – 12/31/2020

#### **WCIV**

- February 11 - weather talk for 6th graders at Rollings Middle School
- February 12 - Weather talk for kindergarteners at James B. Edwards Elementary
- February 13 - Weather talk for 4th graders at Sangaree Intermediate School
- February 20 - Love My Selfie Event at St. James-Santee Elementary Middle School
- February 20 - Women in Science Event at Murray-LaSaine Montessori School with Emily Gracey
- March 4 - Weather talk for 5th graders at North Charleston Creative Arts Elementary
- March 6 - Career Day at Mount Pleasant Academy
- March 7 - STEM FEST We setup our full green screen simulation at this community event in Ladson, SC so the kids can see what it is like to simulate a weather forecast. Chief Meteorologist Dave Williams, Meteorologists Sonya Stevens, Emily Gracey and Jennifer Collins assisted the kids with this experience all day from 10am-3pm, we had our 300 visitors stop at our booth to participate.
- March 10 - STEM Night for St. Andrew's School of Math and Science
- September 28 – Chief Meteorologist did a Zoom Talk & weather demonstration with the SC Sea Grant Consortium for science educators.
- October 14 – Zoom weather talk with Stono Park Elementary 4th graders
- Oct 21 - Meteorologist Sonya Stevens met with fifth graders at James B. Edwards Elementary School virtually via Zoom talk about climate change with James B. Edwards Elem 5th graders
- Dec 15 – Meteorologist Sonya Stevens talked about forecasting the weather, the weather instruments that I use to forecast, what it takes to be a meteorologist, and different kinds of weather on Google Meet with Sedgfield Middle School.

Every Tuesday and Thursday of April and May, our Chief Meteorologist did a Weather Classroom lesson on Facebook Live for students, teachers & parents to help in homeschooling lessons.
