

NOTE RE: PROGRAMMING ON MAY 16, 2020

On May 16, 2020, a fiber line issue caused WFSB to briefly lose signal from 9:19 AM – 9:38 AM. The majority of both “Lucky Dog” and “Henry Ford’s Innovation Nation” aired uninterrupted that day, and have been reported accordingly above, but out of an abundance of caution, Station attaches this note acknowledging the brief outage.
