Re: KHQ-TV, Facility ID 34537  
Notice of Reduced Power Operation

KHQ, Incorporated ("KHQ"), licensee of full-power television station KHQ-TV, Spokane, Washington, notifies the Commission that it is currently operating at reduced power. The station experienced a technical failure on January 13, 2021 that forced operation at 50% of its authorized power. KHQ promptly ordered the replacement part, but will be at reduced power more than ten days. Accordingly, KHQ makes this notification pursuant to Section 73.1560(d) of the Commission's rules.

If the delivery of the part or other circumstances beyond KHQ's control will extend this situation more than thirty days, the station will seek Special Temporary Authority.

If you have any questions regarding this notification, please contact KHQ's communications counsel, David H. Pawlik, [dave@dhpawlik.com](mailto:dave@dhpawlik.com) or phone (301) 340-3329.
