Online Public Inspection File

There are documents in the station's political file that were not uploaded in a timely manner pursuant to 47 C.F.R. §73.3526 of the Commission's Rules. In addition, despite the licensee's diligent efforts, there are documents that were not filled out in their entirety, e.g., a list of the officers or board members for non-candidate issue ads, or where the issue was of national importance, a statement about the issue. In such cases, the advertiser failed to provide this information. However the number of late political uploads was less than five (5).

The employee who is responsible for uploading documents into the online public file has corrected the problem and Chisholm Trail Broadcasting Company expects that all items will be timely placed in the station's online public file, including its political file, in the future.
