

### **Online Public Inspection File Certification**

Cala Broadcast Partners LLC (“CMG”), licensee of WABG-TV, Greenwood, Mississippi, hereby certifies that except as described herein, WABG-TV has timely placed in its online public inspection file all documents required to be placed in the file by 47 C.F.R. § 73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

CMG notes that the station has changed ownership twice during the current license renewal term. Most recently, on December 17, 2019, the license for WABG-TV was transferred to the station’s current owner pursuant to a long form transfer of control application. *See* FCC File No. BTCCDT- 20190304ACN. Earlier, on August 1, 2016, the station was assigned to Cala Broadcast Partners LLC from Commonwealth Broadcasting Group, Inc. *See* FCC File No. BALCDT-20151207AKN. CMG notes that because of the long-form ownership changes, the current owners are not liable for the violations of the prior owners. However, out of an abundance of caution, CMG discloses that the prior owners failed to timely upload a few commercial limits certifications to the station’s FCC online public file.

CMG requires its stations to comply with all FCC rules, including the rules for the political public file. CMG employees are trained on FCC political public file compliance and CMG has instituted a program under which station political public files are reviewed for completeness and timeliness. Nevertheless, while WABG-TV has substantially complied with the political public file requirements, some documents have been or may have been uploaded to the political public file outside of CMG’s requirement that all documents be uploaded within one business day. When late uploads occur, CMG employees are required to review the situation and make any needed corrections to station processes to ensure timely uploads going forward.
