

Attributable Interest:

This minor change requests a non-adjacent channel change in-class, with no other technical changes proposed. There is no change in the coverage of the station as licensed; hence, no changes in ownership considerations are proposed.

Technical Compliance:

The proposed operating channel is clear of all facilities in the allocation picture and is fully capable of being used by the applicant as proposed herein.

Wheeler Texas DEL Channel 255A

Wheeler Texas ADD Channel 247A

Reference Coordinates remain as currently authorized.
