

KAMY, Lubbock, TX (Fac. Id. 39890)
License Renewal Application
Online Public File

KAMY has responded “no” to this question because of a single late upload to the public file, specifically, the Q2 2018 issues/programs list, which was uploaded on October 8, 2018. It is believed that a timely upload attempt was made in July, was not properly completed, and was only discovered when the 3rd quarterly issues/programs list was due.

Given its overall record of compliance during the license term, KAMY respectfully requests that this single late upload be considered *de minimis* in nature.
