

**Radio Station KBGT-FM
Online Public Inspection File Statement**

Radio Station KBGT-FM has timely prepared and posted all of its Quarterly Issues-Programs Lists into the Public File.

In preparing for the station's license renewal filing, counsel for KBGT-FM reviewed the KBGT Online Public Inspection File and noticed that many of the program segments listed in these quarterly lists did not contain sufficient detail about the program content. Many of these quarterly lists were revised but all the original quarterly lists remain in the Public File as proof that they were timely prepared and posted.
