

STA EXTENSION REQUEST EXHIBIT (KCPM-LP)

The licensee, G.I.G., Inc. ("GIG") has been devastated by the impact of the coronavirus. As a result, it has faced significant financial challenges. However, it has made arrangements to obtain the necessary financing to proceed. Equipment to build the digital facility is, for the most part, on hand.

GIG requests additional time to complete its digital construction and submits the following as a timeline:

April 1, 2021: File Flash Cut Application;

May 1, 2021: Order remaining equipment required;

July 15, 2021: Retain personnel to install equipment;

October 15, 2021: Commence installation of equipment;

December 1, 2021 – January 1, 2022: Finish all installation and commence digital operation.
