

**Amendment to Renewal Application to Correct
Adherence to Minimum Operating Schedule Certification**

Virgin Islands Public Broadcasting System

This amendment to the renewal application is submitted because the adherence to minimum operating schedule question was inadvertently answered “Yes” instead of “No.” In fact, the full-power television station, WTJX-TV, was off the air from September 6, 2017, pursuant to STA (*see* LMS File No. 0000030019) until it resumed operations on January 12, 2018, pursuant to STA (*see* LMS File No. 0000040308; *see also* LMS File No. 0000040306 (notification)).

The low power television station, W05AW-D, was off the air from September 6, 2017, pursuant to STA (*see* LMS File No. 0000030018) until it resumed operations on August 21, 2018 (*see* LMS File No. 0000059187 (notification)).
