

FCC Form 303-S
Public Inspection File

KLTN(FM), Houston, TX (the "Station") believes that it has generally met the requirement in Section 73.1943(c) of the FCC rules to post political orders to the online public inspection file "immediately, absent unusual circumstances." The Station is not aware of any political spot for which it did not post information to the public inspection file. In an abundance of caution, the Station reports the following:

- In February 2020, the Station uploaded information regarding a candidate ad for Michael Bloomberg 4 days after the contract was finalized.
- In July 2020, the Station uploaded information regarding a state candidate ad placed by MJ Hegar for Texas 17 days after the contract was finalized.

The Station completed its 3rd quarter 2019 issues/program list in a timely manner, but inadvertently failed to post that report to its public inspection file until January 9, 2020 when it discovered that error.
